## Introduction

Nowadays, Information & Communication Technologies (ICTs) are an important part of daily routine for academic and non-academic staff. The important focuses of IT personnel are business computer network and database management, information security, business software development, and computer tech support. Our main task is to maintain and take care of the constantly developing Information Technologies (ITs), follow modern trends and respond to current challenges, so we can provide quality support for academic processes. We support helpful communication across the whole university and beyond - also any good ideas are appreciated. The Department of Information and Communication Engineering (ICE) has a group of highly qualified, friendly and energetic teachers educated from different reputed Universities who are directly associated with the program.

## Application Procedure

1. The admission form can be collected from the office of the Department of Information and Communication Engineering (ICE), Pabna University of Science and Technology, Pabna or can be download from the department website ([www.ice.pust.ac.bd](http://www.ice.pust.ac.bd)).
